Hospital Boarding Policies

Thank you for choosing our hospital to board your pet. We provide quality boarding with a personal touch. Every attempt will be made to give each pet individual love and attention during their visit with us. While staying with us your pet will be under the supervision of our Animal Health Technicians. Upon admission one of these professionals will provide your pet with a health examination. We strive to maintain a sanitary and healthy environment for our patients.

Vaccinations:

All pets must be up to date on their vaccinations, and it is the owner's responsibility to make sure that proof of current shots is on file with the hospital at the time of admission. If vaccinations have been administered at another veterinary hospital and they are closed at the time of admission and proof of those vaccinations is not on file, the vaccines will be brought current at the time of admission and the client will be charged accordingly. Boarding animals that are not fully vaccinated or less than five months of age is not recommended because they may not have developed complete immunity and will need to board in Isolation.

Dogs: DHP-PV (1yr, 2yr or 3yr), Leptospirosis(1yr), Rabies (1yr or 3yr), Bordetella & Fecal (within 6 months), Canine Influenza (Flu H3N8 and H3N2 (1yr)

Cats: FVRC-P (1yr), and Rabies (1yr or 3yr)

Internal/External Parasites:

All pets must be free of parasites, including fleas and ticks. For the protection of your dog and our kennel, kennel we **REQUIRE** your pet to be treated for fleas and ticks at the time of admission. A staff member will spray with Frontline and there will be a nominal charge for this service. *If you bring a dose of Paradyne., Simpirica, Simparica Trio, Bravecto, Nexgard, Vectra 3D, Activyl, Revolution, ProMeris, FrontLine Plus, Advantix or a Seresto Collar for a VCA Coral Animal Hospital employee to apply, your pet will not need to be sprayed.*

Rates and Payment:

A deposit is required for first time clients and extended boarding. ***CHARGES START ON THE DAY THE PET COMES IN AND INCLUDES THE DAY THE PET GOES HOMES, REGARDLESS OF THE TIME OF DAY***

<input type="checkbox"/> Bath Medium Dog/41-60lbs	\$33.95	<input type="checkbox"/>	

Medical Illness Policy:

One of the advantages of boarding your pet(s) at a Veterinary Hospital is that medical attention is readily available for our guests. If your pet needs medical attention, we will call the emergency number that was given at admission. If we are unable to contact you, your pet will be treated as we deem necessary, at normal hospital fees.

Personal Belongings:

Leaving personal belongings, i.e.: toys, bedding, etc., is allowed but discouraged due to sanitation requirements. The facility is not responsible for any items if lost or soiled. Collars and leashes may not be left at any time.

Inherent Conditions:

Occasionally pets may develop problems from environmental and dietary changes. Signs may include: vomiting, diarrhea, coughing, sneezing and self-trauma such as scratching or biting their skin. We take great care so that these problems won't occur and we treat our guests promptly, if needed. Please be aware and understand that these conditions can develop and that the hospital is not financially responsible for these inherent conditions, if they do occur.

Abandonment:

Please notify us if there is any change of plans in your pet's scheduled release date. If you do not notify us of a change in your pet's departure date and either we do not hear from you or are unable to contact you or your authorized agent for a period of 14 days after your pet's scheduled release date, the Hospital will consider your pet abandoned according to the animal abandonment laws in your state. Please be advised that the pet owner will be responsible for the fees accrued and any other fees or legal services incurred by the Hospital as a result of the abandonment. If you

have any questions or problems, please call your caring VCA hospital staff. Thank you!
