Boarders Needing Medical Care/Monitoring

If your pet is boarding with us and has an existing chronic illness or injury (other than diabetes) requiring doctor oversight, additional monitoring and/or medical care beyond oral or topical medications, we are happy to provide this higher level of care. The associated fees are \$5.10-\$7.50 per hour (\$122.40 - \$180 per 24 hours, based on size) rather than a nightly boarding fee. This cost includes doctor oversight, grasswalks, and administration of oral, topical and ophthalmic meds. *If your pet requires this level of care, you must meet with a veterinarian before leaving your pet with us to ensure your pet gets the care he or she needs.*

I understand that if my pet needs medical care and/or additional medical monitoring while boarding due to an existing condition, the cost will be per hour as listed above rather than nightly boarding charge, plus an exam fee if necessary to assess patient status.

Medications

For regular boarding (i.e. not here for extra medical care/monitoring), the cost is \$4.50 per dosing time (twice a day meds would be \$9.00/day, etc.) for oral, topical, and ophthalmic medications.

PLEASE PROVIDE DETAILED INSTRUCTIONS FOR EACH MEDICATION (drug name, strength, quantity per dose, when to give, etc.):

1. Drug Name & Strength (i.e.: mg, etc.) _____

Amount given per dose: _____ How often (1x/day? 2x/day?): _____ Next

Diabetic Pets

For pets who are diabetic and on insulin, the Diabetic Boarding Instruction Form must be completed when you drop off. Please check below if this applies to your pet.

My pet is on insulin and I will provide instructions at drop off. I understand that there is an additional cost of \$53.20 per day for care and monitoring of diabetics while boarding.

Grass Walks

If your dog would prefer grass over our fenced, clean, outdoor runs, we offer Grass Walks for \$7.30 per walk. *Although we will double leash your pet for safety, VCA Briarcliff Animal Hospital cannot be held responsible for any injury to or loss of your pet if you choose to have us walk your pet outside our fenced runs.*

If your pet is receiving extra medical care/monitoring while boarding, grasswalks are included in that cost

No Grasswalks

Please grass walk my pet: once twice three times per day.

I understand and agree to the restrictions regarding brought items (such as beds, toys, bones or rawhides) that VCA Briarcliff Animal Hospital has put in place to help insure my pet's safety during their stay.

Please list any other brought items accompanying your pet: _____
